USB 2.0 to HDMI with Audio Adapter

Description

This USB 2.0 to HDMI adapter enables you to connect additional monitors, LCD displays or projectors to a free USB 2.0 port of your PC or notebook. Up to 6 adapters can be connected to one computer. An extra adapter is required for each monitor. The USB 2.0 adapter can mirror and extend the display and supports a resolution of up to 1920 x 1080. Thus you may watch TV on a full screen mode. Furthermore you can also use Windows Media Center, whereas the display of the image is smaller than with other programs like e.g. Total Media.
